About The Lucy Faithfull Foundation

Since 1992 The Lucy Faithfull Foundation has been working with governments, professionals and the public to prevent the sexual abuse of children. Our vision is a world in which children's right to live free from abuse and exploitation becomes a reality.

Our mission is to prevent the sexual abuse of children and young people by working with protective adults, those affected by abuse and those perpetrating it, including young people with harmful sexual behaviour.

Our confidential Stop It Now! helpline is a safe space for anyone to discuss their worries about child sexual abuse and its prevention, including the public and professionals. Our experienced advisors don't judge and will listen to you and provide suggestions for what you can do to help keep children safe.

If you're worried about the online or offline behaviour of a child, young person or adult, or want to know what you can do to keep your children safe, we can help.
